

APPLAUD ACTION AGAINST DISTRICT

All Classes of Citizens Approve of Declarations Against Red Light Proposition.

GOOD NAME OF SALT LAKE MUST BE MAINTAINED

Men of All Political Parties Indorse Attitude of the Americans.

Irrespective of party affiliations, expressions of approval were heard on all sides. Wednesday afternoon, the action taken by the American club, the city council and the board of education Tuesday evening condemning the establishment of a red light district within the boundaries of Salt Lake City. There was practical unanimity in upholding the hands of the three bodies which had sufficient courage to come out in the open and declare themselves for civic purity and decency, and against the iniquity of even countenancing, far less in the slightest degree giving acquiescence to, the establishment of such a district in the heart of the most populated section of the city, or anywhere within the city limits.

And just as the chorus of approval knew no partisanship, neither was it confined to any section of the community. Men in all walks of life expressed their satisfaction that decided action had been taken against the proposed evil, and mothers were supremely happy that there was in the community men fearless enough to come out and declare against such an iniquity. The question of politics did not enter into the issue; it is simply a matter of morality, of purity and of good citizenship. It is a matter which concerns all good citizens, because it is one which seriously affects the young of the city, both male and female, and thus all good citizens approve of the opposition to the movement.

MAINTAIN GOOD NAME OF CITY.

Business and professional men, merchants and property owners, all are equally interested in the maintenance of the good name of Salt Lake City, and that its name should not be defamed by the creation of any district for the practice of immoralities and for unlawful purposes. As one citizen expressed it: "Salt Lake City cannot afford to have it go out to the world that with the cognizance and acquiescence of her citizens, she will tolerate the establishment of a bazaar where women are herded, taxed and enslaved for the pecuniary benefit of some persons. The matter is too horrible to contemplate, for that it amounts to—no measures are too extreme to employ to completely eradicate it. It exists now; it is not a question of whether it is something which has gradually grown into the community life, and wherever it exists, if it does exist, steps should be taken to abolish it. The case which pursues this course is an unfortunate one, but the members thereof are outlaws and should be dealt with as such. And the steps taken by the various organizations Tuesday night were timely, proper and should lead to a full awakening of the entire community."

A SAFE, STRONG BANK FOR SAVINGS DEPOSIT.

Savings accounts draw 4 percent interest, compounded semi-annually. Accounts can be opened for churches or fraternal organizations and be under the control of two or more officers. Minor may open accounts, subject to their own control. Parents may open accounts for children and retain control. Married women may open accounts in their own names.

With the strength given by ample capital, the strength given by careful and conservative management and the strength given by experience, this institution has grown to be one of the largest savings banks between Chicago and San Francisco, and continues to add steadily to the number of its depositors.

You'll be surprised to know how many commercial customers and savings depositors go out of their way to induce others to open accounts with us.

We believe this is a pretty fair indication of the confidence and cordiality they feel toward this bank.

Still better, in this sentiment seems to be universal among all the patrons of this institution.

Make our bank your bank. UTAH SAVINGS & TRUST COMPANY, 235 Main St. In the Business Heart.

Picture Framing. Salt Lake Photo Supply Co., 142 Main. FOUND AT THE ROYAL CAFE. Dainty food and a cool place to eat.

Pahvant Valley. An Indian name, now intimately associated with a great Carey act irrigation enterprise, commonly known as the Oasis project.

THREE YOUTHS ESCAPE, BUT ARE CAPTURED. Three boys, two of the lowest type of incorrigibles, escaped from the detention house about 11 o'clock Wednesday morning, but were recaptured in Buena Vista three miles southwest of the city, an hour later and immediately returned to the institution. Their capture was effected by three inmates of the school after a long, sharp chase.

One of the leading youths obtained a paring knife, sharpened and gave it to one of the other boys with instructions to stab anyone who attempted to prevent their escape.

This youth some time ago also planned to blow up the institution. He secured a half-pint of coal oil in the basement, intending to stick a match to the liquid, but his plot was discovered and frustrated before he could carry it out.

ORGANIZATION TO ASSIST THE BLIND

Initial Meeting in Movement for Afflicted Held at Public Library.

ATTENDANCE IS GOOD AND INTEREST GREAT

More Than a Score of Sightless Salt Lake People Present at Gathering.

About twenty-five blind residents of Salt Lake City, together with friends to about \$100 annually, the project at the meeting held at the Public and free public library, Wednesday afternoon, to inaugurate a movement to establish a reading room for those destitute of vision in connection with the library, of which Mrs. Andrew S. Rowan, wife of Major Rowan of the Fifteenth Infantry, now stationed at Fort Douglas, is the leading spirit.

Mrs. Rowan, who for many years past, has devoted much of her time to this work in various cities of the country, proposes to organize an auxiliary of ladies who will pay a membership fee of \$1.00 annually, the money to be used to finance the establishment of the reading room and to purchase necessary equipment for such. Within the last few years reading rooms have been established in connection with the public libraries of over a dozen of the largest cities of the country, and, when Mrs. Rowan first introduced the movement here a few weeks ago, it met with the hearty approval of the authorities of the library and they at once contributed the use of the board room for the meetings.

First Step is Taken. An organization of the blind will be formed just as soon as possible, the meeting Wednesday afternoon being the first step, and sessions will be held from 1:30 to 2:30 every Monday, Wednesday and Friday afternoon.

At first Mrs. Rowan and other ladies of the auxiliary will read to the unfortunate, and they will listen, but later on it is proposed to purchase embossed books, typewriters, and other accessories, which might help to brighten the lives of the afflicted ones. The movement is wholly a charitable one, and one which will aid materially in the education of the sightless. After a person is 21 years of age, he or she, as the case may be, are debarred from entering public schools, and hence, it is absolutely impossible for them to become educated, except through some such move as the one which is now on foot.

All ladies wishing to join the auxiliary and thus help the movement along are requested to confer with the librarian, of the public library, Miss Joanna H. Sprague, or any blind person who may wish to affiliate with the class, may communicate with Mrs. Rowan, Miss Sprague, or any members of the auxiliary.

Arrange your business to go to the Carey act land purchase and drawing at 535 West First St., Sept. 28th—the million-dollar Oasis project; water in the canals.

San Francisco Veterinary College. Next session begins September 15. Catalogues free; apply Dr. Charles Keane, president, 1818 Market street, San Francisco.

MORE PERMITS ISSUED IN NEW "RED LIGHT" SALOON MEN SLOW ABOUT LICENSES

Buildings Being Rushed Despite Action Taken Against the Scheme.

Despite the deluge of protests against the proposed removal of the red light district from Commercial and other streets, alleys and avenues to the west side, the Citizens' Investment company, of which Mrs. Belle London is president, secretary and manager, continues to take out permits to erect buildings in that territory. Wednesday morning a representative of the concern appeared in Building Inspector A. B. Hirth's office and took out permits for two large buildings in the proposed new red light district.

One permit is for a five-house, two-story terrace, to be erected in the rear of 535 West First St., and will cost \$50,000. There will be 100 rooms.

The other permit is for a store and a hotel in the rear of 542, 544 and 546 West First South street. This building terrace is to be of brick and will cost \$30,000. It will also be of brick.

This raises the total value of the buildings for which this concern has taken out permits to \$130,000.

FALL TERM. Dancing School. Odeon academy. Adult class for beginners commences Monday, Sept. 14, at 8 p. m. Ind. phone 4300.

FINAL ARRANGEMENTS FOR BIG CONVENTION. The opening gun of the big convention of the United Brotherhood of Carpenters and Joiners which will be opened formally here September 21, will be fired at a meeting of the joint committees from the Commercial club and the brotherhood to be held at the club Thursday afternoon. In addition to the members of the committee, it is expected that several prominent members of the brotherhood will also be present, including Leonard Funk, a member of the City Council of Spokane and who is one of the executive committee of the brotherhood. Their capture was effected by three inmates of the school after a long, sharp chase.

Many matters connected with the convention have been under consideration for some time, and the committees will now proceed with final arrangements of the affair.

COMPLAINTS ISSUED SINGULAR CASES

Women Are Charged With Assault With Intent to Commit Murder.

FORMER LITIGATION IS BASIS OF PROCEEDINGS

Federal Court Is Arena Chosen for Contest Over Immense Fortune.

Alleging that it has a judgment of the Ottawa county, Mich., probate court awarding it the sum, and that the terms of this judgment are unfulfilled by Edward P. Ferry of Salt Lake, the Michigan Trust company yesterday demanded through suits filed in the Federal court of this district that judgment be entered here against Mr. Ferry personally for an amount which in the two suits totals a little less than \$1,000,000.

The suit recalls a controversy between Michigan heirs of the late William M. Ferry and Edward P. Ferry, who was administrator of the estate, in which the heirs some years ago sought to have both Ferry removed as administrator of their own choosing substituted. These refer to the previous litigation, and although the Michigan Trust company in the previous suits they have a decree showing that Mr. Ferry is personally liable to the Michigan Trust company for \$915,355.08, and as administrator of the estate of Amanda W. Ferry, he is personally liable for \$15,643.81.

Served Upon Guardians. As Edward P. Ferry is under guardianship, the papers in the case were served upon his guardians. The suits are denominated in the names of the persons for whom E. P. Ferry was administrator, and in the amount of the claims.

On June 16, 1905, a number of the heirs filed a petition asking for the removal of E. P. Ferry as executor and administrator of the estate, and the appointment of a new administrator. The petition was granted, and E. P. Ferry was removed as administrator, and a new administrator was appointed. The new administrator, E. P. Ferry, was then served with a writ of habeas corpus, and he was released from custody.

Case Heard in 1907. The case was heard, it is declared, December 31, 1907, and was won by the plaintiffs. Edward P. Ferry was then declared a bankrupt, and his assets were sold to pay his debts.

The court overruled the cross-petition of E. P. Ferry and removed him as administrator of the estate, and declared him personally liable for \$915,355.08, which he was declared to owe the estate, and held that he must make good the deficiency to the estate for the above amount, with 5 percent interest per annum, within sixty days.

The suit now brought is to recover the above amount, with 5 percent interest from December 31, 1907.

PICTURES PAINTED BY MACHINERY. A large edition of a fine catalogue has just issued from the shop of the Tribune-Reporter Printing company, of 30 West Second South street, devoted, in several colors, representing furniture and fixtures in natural colors, a very extraordinary exhibition of printer's skill.

Special Trains to opening and drawing, September 28th, Oasis, Utah. Special rates every Friday night. Salt Lake route.

BRANSFORD PASSES UP REAL ESTATE RESOLUTION

Says Matter Does Not Come Within Province of the City Council.

Mayor John S. Bransford has withheld his signature from the resolution of the city council, adopted Tuesday night, sending the protests of West Siders against the proposed removal of the red light district to the file.

"I do not consider my signature necessary," said Mr. Bransford Wednesday morning. "This matter does not come within the purview of either the mayor or the city council. There is nothing for us to consider."

Mr. Bransford also held up paying extension No. 35 and sidewalk extension No. 140. The council Tuesday night ordered that notice of intention be published in each case and that the board of public works be instructed to advertise for bids. Paying extension No. 35 calls for the paving of State street between Seventh and Ninth South streets. As a considerable expenditure of money on the city's part is involved in each improvement, the mayor declared that he would not make an investigation of them.

ROLLING MILL PLANT IS DOWN AND OUT

The report of Joseph A. Silver and Len J. Haddock, who have been investigating the rolling mill plant in Louisville, Ky., has been received. The plant, which was being the plant here, was presented to a meeting of the committee on manufacturing and industries Tuesday afternoon. It was said that the plant was not worth more than one-fifth of the amount claimed, was old-fashioned, and otherwise not desirable. It is probable that no further action will be taken in this matter by the organization.

Those present for the Commercial club were: W. J. Halloran, W. H. Birtz, David Keith, Joseph A. Silver, N. W. Clayton and Joseph Baumgartner, and for the Merchants and Manufacturers association, George S. McAllister, Len J. Haddock, and Messrs. Denhamer and Brockman.

DRUNKEN STRANGER ASSAULTS OFFICER

Policeman Gillespie, in Attempt to Arrest George Wilson, Is Knocked Insensible.

FUND OF THE LOCAL FIRE DEPARTMENT

Money Is Yet in the Care of Former Chief Charles T. Vail.

Nothing Yet Determined With Regard to It. Just what determination will be final arrived at with regard to the fund of the local fire department, amounting to something in the neighborhood of \$3000, which is still in the care of former Chief Charles T. Vail, is still a matter of conjecture. No action has yet been taken by the fire lobbies, by Mr. Vail, or by Mayor John S. Bransford. But it is generally understood that the matter is again to be taken up and thoroughly investigated.

The fund, it is understood, is an accumulation, principally of money, derived from sales of worn-out fire material and cash donated to the department by various parties in recognition of valuable services rendered by the firemen. These moneys, instead of being divided pro rata among the men, were placed in a general fund, and have gradually accumulated until the sum amounts to about \$3000. The chief of the department has always been the custodian of the fund, it has always been in his charge; but this rule was broken when Chief Vail was deposed, and James H. Devine was appointed. By a vote the firemen decided not to transfer the money from the care of Chief Vail to that of Mr. Devine, but to continue the former as custodian, it is claimed.

About two months ago, however, the firemen asked the chief for an accounting of the fund, and this he practically refused. He claimed that he was entitled to membership in the Firemen's Benefit association, and also to the benefits accruing therefrom, and he decided to make application for such membership.

Plans to Increase Fund. Former Chief Vail now states that he is planning to increase the fund. He proposes to do so by giving an exhibition at the coming state fair of the Salt Lake City firemen in action, and he claims to have made arrangements for this with the management of the fair. He has also, he states, arranged with Chief Gloré for the loan of all the apparatus he can consistently spare for use in giving this exhibition. Mr. Vail also states that if all the firemen who signed the petition making him custodian of the fund after he left the department will now sign a petition requesting him to make an accounting, he will comply.

Chief Gloré was asked concerning the request which former Chief Vail said he had made for the loan of apparatus he replied that the former fire chief had asked for the use of an old fire engine and a hose wagon. Chief Gloré, however, took no action on the request but referred Mr. Vail to the city council and he will probably make his request regarding these items to the mayor or the council may make an inquiry as to what is the present condition of the fund, or what disposition, if any, has been made of it. This inquiry will be justified, because some of the fund was derived from the sale of city property.

BOOKKEEPER PIERSON WRONGFULLY ACCUSED. At the Wednesday forenoon session of the criminal division of the court the case of forgery charged against William Pierson, a bookkeeper, who was arrested in El Paso, Texas, a week ago and was charged with passing a forged check for \$20 at a local saloon. His arrest was caused by a detective agency.

Pierson was charged with passing a forged check for \$20 at a local saloon. His arrest was caused by a detective agency. Wednesday morning to appear for the prisoner, having a number of witnesses. Pierson was charged with passing a forged check for \$20 at a local saloon. His arrest was caused by a detective agency.

REALTORS MEET IN SOCIAL CIRCLE. Association Will Maintain Exhibition of Utah's Resources in New Commercial Club.

From a social standpoint and the renewing of acquaintance, the regular semi-monthly meeting of the Salt Lake Real Estate association, held at the Commercial club Wednesday afternoon, was a great success. There were twenty-four members present and they passed most of the time in pleasant conversation, after which luncheon was served.

A communication received from the board of governors of the Commercial club by George M. Cannon, member of the committee on exhibits, was read, giving the information that the suggestion of the association regarding the maintenance of a permanent exhibit of the agricultural and mineral resources of Utah in the new club building had been acted upon by the building committee of the club, and that a space of 6000 feet was to be reserved.

An invitation from the secretary of the National Association of Real Estate exchanges to the Real Estate association here, asking it to become a member of the Chicago association, was referred to the secretary, who was instructed to secure additional information. A suggestion from a local publishing house, that the association furnish a series of short boost stories, was referred to the board of governors.
